GRACE CHURCH YOUTH GROUP

## THE TRUTH ABOUT THE BEGINNING CREATION CONFERENCE

UNCOVER THE TRUTH ABOUT ORIGINS—AND WHY SCIENCE POINTS TO  
A BIBLICAL WORLDVIEW

SUMMER KICKOFF &  
YOUTH CONFERENCE  
MAY 28-30 \$45

Genesis is the foundation of the Word of God, and has long been under assault by the enemy. However, God is the author of the Bible and Creator of the natural world; therefore, true science will never contradict the Bible.

This conference will cover:

- Evolution as a religion
- How evolution came to be accepted by Western culture
- How fossils, genetics and gender support a Biblical worldview
- The six days of Creation
- The philosophical assumptions of modern science

Join Grace Church youth group (7-12th grade) and guest speaker Natalia Moody as we kick off the summer with teaching, raffle, prizes, games, food and crafts!

Register online at: [www.gracechurchsr.com/creation-conference](http://www.gracechurchsr.com/creation-conference)

Questions? For more information, call or text Angie 707-570-9919 or email [angieandre47@gmail.com](mailto:angieandre47@gmail.com)

Natalia Moody holds a Bachelor of Science in Biology and a Master of Science in Microbiology and Cell Science. She interned at the Glendive Dinosaur and Fossil Museum in Montana, and has specialized interests in genetics and mitochondrial DNA.

She is currently employed as the Biology Lab Manager at Bob Jones University, where she also assists with research. In addition, she enjoys leading students from her fossil club on field trips and preparing bones for dinosaur displays.

CONGRATULATIONS TO THE FOLLOWING HIGH SCHOOL GRADUATES  
~JACKSON SULONEN, MAEVE ANDRE & MAHLIA MAURIZI~
